Session 1 — Bodies and Brains in Motion (2nd-6th) June 26 — 29

Let's begin the day with our bodies in motion while we learn the basics of tennis through skill drills and games. We will get our brains in motion in the afternoon utilizing the components of STEM. We will work on computer coding (e.g. Scratch), use the engineering design process and LEGO robotics to complete various challenges, as well as follow the scientific method to develop and conduct science experiments.

Session 2 — Art Around the World (K-3rd) July 10 — 13

Can't get enough of art? In this class you will have exciting experiences with sculpting, painting, drawing, jewelry-making and more. End the week with wonderful pieces of art to add to your collection

Session 3 — Lego Mission to Mars (K-6th) July 17 — 20

Campers will explore the Martian landscape by building a EV3 robot and programming it to do missions on the Red Planet.

Session 4 — Culture and Cuisine Around the World (2nd-6th) July 24 — 27

Let's travel the virtual world learning about different cultures as we touch down in many lands around the globe! During our time together, we will learn about various cultural components including the cuisine of different countries. The cooking projects will be sure to tantalize our taste buds and satisfy our curiosities!

Summer's too fun and too important a time to waste doing nothing. Instead of letting your kids just hang around, eat junk food and play video games, enroll them in our Summer Camp program! RecTennis can help you:

- Give your kids the chance to stay healthy and physically fit
- Provide your kids with an opportunity to make new friends
- Help your kids build skills that they'll use in the coming school year and beyond

With 1.5 or 4 hour camp options, kids aged 6-14 are welcome to enroll and RecTennis provides all the equipment. Check out more information about summer camps coming to Spokane in 2017 on our website at www.rectennis.com/play.
